 Interesting part of Chemistry
 and I enjoy it very much. We
 have a fine new Laboratory and
 a good teacher.

I joined our debating society
 the "Forum" and have been trying
 myself in that line. It is interesting
 and we get considerable help
 from the debates; get us used to
 talking on our feet.

It is getting late so I will
 have to close.

Please remember me to Mrs
 Muir and the girls. Hoping
 this finds all well

I remain

Ever your friend & admirer

John Muir.

Martinez. Dear Friend.

I thought

I would drop you a few lines
 and let you know how I am
 getting along. I am feeling
 fine and still working hard.

A friend of mine gave me
 last Sunday's Examiner with a
 review of your book "National Park"
 by Edwin Markham. I will send
 it to you fearing you may not
 have noticed it.

Would you please tell Helen
 that I could not find a

Gazetteer such as she wanted but
will keep watch for one for her.
I was sorry I could not get one.

Father was home on the 12th
and stayed three days, leaving for
Arizona. I was pretty lonely after
he left. He did not have very
good health in Idaho could not
stand the cold weather.

Father said he would pay
my way if I wanted to go in
with the Sierra Club this summer.
I told him "I could not let a chance
like that slip, guessed I would have
to take him at his word."

I received a letter from my brother
in San Bernardino Co he said "that
it was dry as tinder poor prospects
for hay crop"

I have been pretty busy with
my school work since school
started; we are getting into the
