Dear Mr. Hughes:

Many thanks for your kind letter of the 14th ult., and the package of photographs. That of the chipmunk is a gem, the only life-size photo of this blessed little beast I have ever seen. That of myself from your own negative my wife and daughters say is capital, and so it seems to me. It seems surprising that you have been able to get so fine and telling an effect from so small a negative. The copy of myself from the new negative is quite satisfactory, and I enclose \$6.00, postal order, for a doz. copies and the negative, which any time at your convenience I wish you would hand to Mr. McGonlagh, as I don't know his address. I thank you also for your kind article in the Mail. You should describe some of your trips in the mountains. I feel sure they would be interesting, for this article shows you can write, and with your fine photos you could give first-rate illustrations. Thanking you again, and realizing the depths of my indebtedness, I am,

Sincerely yours,

J. M.
