My dear Mr Page: Aunt's

Many thanks for your kind + stirring letter. If I could get writing done as you can you would soon see a dozen or so of my new books. Your literary work goes forward with admirable steadiness + sustained strength, mine, try as I may, goes slow as a glacier + with none of its steadiness as if the whole scribbling business were against God's will.

I am now trying to write a review of Sargent's Silva for the Atlantic, + a little book on the Yosemite Valley + other valleys of the same kind, which will keep me busy all winter.

The thought of your coming

to California is
delightful, & when you
do you will of course
come to my house

What a magnificent
job magazine you have
made in World's Work
The last number is
perfectly superb. I
heartily congratulate you
& am

Sincerely yours
J. M.
