Dear Mother

I am very sorry that I have  
missed a visit from you for your  
reason of the colds which you  
have been suffering with since I was  
of nature but I please to say  
annual in the year

I surely kind  
when your letter came in the  
(March 29<sup>th</sup>) I was in Australia & did  
not get home until the end of June  
& it was some days later before I  
could get into the big table of  
books for the year

Dear Mother I am very sorry  
Edwards should not be  
in complete rest especially after long  
continued exertions he has made in  
his various publications. Some of your  
letters are in circulation on the coast

Considerations of living in long  
letters to the Director of your  
for the purpose of putting in the  
most things all that  
Spain & the rest

when the local estate agents make me  
happy with their company. I mean to go  
to my house & make it your head  
& home & I'll show you it is best  
if you come by the Santa Fe set off

I have already

I met Mayor Christman,

Mr R. B. Marshall + Mr Frank Board yesterday eve 5 P. + discussed with the members of the Go Park boundaries.

In gen I am opposed to changes that would diminish the area of the park, it should rather be increased. A small portion of the S.W. corner where a few mines are located might be cut off provided

~~and this would not result in making the destruction of forest on patented lands thereabouts.~~

If practicable the <sup>private claims</sup> large blocks of sugar pine forest in the hands of private owners

should be <sup>promptly</sup> purchased taken up by Government at low price or condemned
