My dear Mr. Muir: —

I have meant to write
you for this a word of greeting at the
holiday season, but all three of the
children have been ill with mumps and
tonsillitis, and I have had my hands
full with a variety of duties. Now all
are well save Leonard, who must, in
the course of a few months, I fear, have
a rather serious operation performed. But
we hope to have him strong and well and
in good spirits for it meanwhile.

What a splendid fight you are making

for the Hetch-Hetchey! You are sure to win, and it will be a great victory for you in every way.

A letter just received from John Burroughs tells me he has been ill but is now much better. We went to a Christmas party at the Keith's and Mr. Keith was in fine spirits for the occasion.

Leonard and Elise are prancing about me in great excitement over a butterfly which they have just brought in out of the cold — it is all very interesting but hardly favorable for quiet letter writing. Mercedes is home from the mountains for her vacation, but will return in a few weeks to finish the winter term in the little country school. She is well and happy, and has been greatly

benefited by his country life.

May the new year bring to you happiness and fulfillment. I think of you very often with loving regard and affection of one who has lived so steadfastly close to nature and on the high places.

Truly yours friend,
Charles Keeler
