Boston, Mass.

Dear Mr. Greenslet:-

I thank you for your letter of March 23rd. I expect to send manuscript of "My First Summer in the Sierra" by express tomorrow and hope you will find it worth while. I suppose it will have to be well illustrated. I have plenty of photographs illustrating the region, and also quite a number of my own pencil sketches. I suppose some of these notes may be used in my autobiography. They have already been drawn upon to some extent in the "Mountains of California" and "Parks." Let me have your opinion soon as possible.

As to the check, I am glad it is all right. I fancied it had been lost in some of the wrecked railroad trains.

I hope to get out another animal book ere long, and a guide book describing Yosemite and other Yosemites.

With best wishes I am,

Faithfully yours,

*John Muir*
