(Original in possession of Prof. Harry F. Reid)

Martinez, Cal.,
Dec. 5, 1908.

Dear Mr. Reid:

I thank you for kindly sending me the report of the International Commission on Glaciers. I wish I could have the pleasure of talking over glacial matters in general. I want to write on Alaska, but several other books must first be got off my hands.

I trust you are all well. The little boy must now be a man. When next you come to this side the continent let me know as long as possible beforehand. I should be in Baltimore this month at the annual meeting of the Am. Alpine Club, but am now held here by my old enemy the Grippe.

Faithfully yours,

JOHN MUIR

(Envelope addressed to Prof. Harry Fielding Reid, Johns Hopkins University, Baltimore, Md.)
