Park
Ranger

on Wednesday

I can't get to town today, but this
will be no hindrance to the effectiveness
of my mission. from our club
all that has been reported as far as I know
is a formal resolution
in favor of the park - Jordan is just the
man to do it. then all you have to do
is to send it to the committee. Washburn
is to be the secretary of the committee.
I have written a letter to Miss Sedgwick
of the Park of the British Museum in more
detailing an outline by nature for a
great National Park. reaching as it
does in a grand highway from the
fertile glacial lowlands to the frosty sky
embracing characteristic specimens of
the various zones of the
continent. I have written a paper
on the subject of a great
National Park in the center
of the continent between the
of the alpine zone and the forest
conifers, with mountains, trout streams
gardens + lakes. 04127.

We believe that with the exception
of a dozen lumbermen & half a dozen
cattle & sheep men all the world
wants this park.
