Muir

Los Angeles, Cal., Jan. 26, 1911.

325 West Adams Street.

Mr. R. U. Johnson,
The Century Magazine,
Union Square, New York.

Dear Mr. Johnson:-

I am glad you are going to give me a memorandum of your relationship to Yosemite Park and other parks. Do not make it too short, as I want everybody to know that in particular you invented Yosemite Park.

On receipt of your letter of Jan. 5th I wrote immediately to your son-in-law, Mr. Holden, at the Fairmont Hotel, San Francisco, giving him my address and saying I hoped to meet him here, but I have not yet heard from him.

I shall be glad to see Mr. Scott here.

My impressions of South America, that you mention, may be a long way off yet, but I hope to make that journey before it is too late.

I am trying dictation and in the story of my life I find I can do something in the way of composition, though of course it has to be recast often.

Glad you had such a splendid time at the Academy and wish I could have been with you.

Don't work too hard, now that you are Editor, since blessed Gilder left you. Hoping to see you ere long, I am

Ever faithfully yours,

John Muir
