Martinez, Saturday 9. Nov. 1912

Dear Buck. Your letter received yesterday. I suppose on account of rain, nothing has been done on the right of way business, as far as I know. Haven't heard a word either from Jimmie or agents of the Telephone Co.

Therefore give yourself no trouble about coming here until you get definite word from me.

As to the stipulation that no power line right of way be granted parallel to the company's telephone line nearer than a thousand feet, it is because of the disturbance from leakage of the power wires.

There is no restriction as to other telegraph & telephone lines.

Am so glad you are all well. Heavy rain here today. Love to Helen & the blond boys. Don't know when I'll get my work in shape to go to Pasadena or Hollywood, probably a month or more.
Ever faithfully John Muir

Don't worry about the unperfected right of way business. All the courts favor us so that's that.
