He took a very interesting
trip a few weeks ago out to
Palm Springs on the desert
and up into a cañon
where the fan palms are
indigenous. He had a
five mile drive through a
sand storm and altogether
quite an experience.

Give my love to Helen
and if I go North this
year I shall surely see
you. Sincerely yours
The Hogman.

My dear Mr. Mini:
As a
sure source of wisdom
tell me if there is a
pine tree of Australia
with leaves an inch to
an inch and a quarter
in width. A friend of
mine who has a very
interesting garden has a
05338

tree she calls a pine
of this nature and I
believe her but I should
like your assurance.

We have just rented a
cottage on the sea, a
place of retreat and tak-
ing a few days off at
a time we expect to
enjoy it very much. You
had better visit us there

or here. I am afraid
your promises of visits
are not to be relied
upon. We have a new
automobile that can go
sixty miles an hour
and it is a great way
to see the country not
"deliberately and gently"
as Capt. Dr. Murray of
Palm Springs says, but
one sees it.
