Martínez, 27 July, 1894

My dear Mr Johnson--

I have this day corrected the last of the gally proofs of the little Sierra book. Many thanks to you. If you think the title too big & pretentious please change it to studies in the Mountians of Cal or rambles, Excursions or what you judge best.

If you & Gilder will send the lads along I'll take care of them as well as I can & take them through Yosemite & the Tuolumne Canon & Hetch Hetchy But if possible send some good body with them to divide with me the responsibility of their care Tesla would do grandly Mrs Muir is very anxious to see that Slav. I suppose Bouroughs [sic.] will be held by his vine tangles. Should you conclude to send them next year I'll still be ready to show them what I can with gladness of heart

Let me know as soon as possible what you & Gilder determine in the matter & I'll shape my plans accordingly.

Ever Cordially Yours

John Muir
