How is the Alaska trip to the publisher?

My dear Mr Johnson

Yours of Jan. 2 just received. (Happy New Year to you & your family & the Century.

Both papers received. The Alaska Trip & Discovery of Glacier Bay. I am at work on them & hope to have them in the shape you wish before the time you mention.

I find that I have already given a description of the Muir Glacier in the Alaska Trip about 1400 words long & I'll be hanged if I see how I can avoid repeating myself in a second description in the Discovery article. I suppose it will have to be more general & shorter in the Discovery of the Bay.

I'll be glad to make a book as you suggest. Also a small one on the Yosemite Valleys that will answer as a guide book.

How is the Mtns of California selling. People here complain that it is not to be found in the stores all sold they say. Keep me advised on the Yosemite Bill. Ever your friend John Muir
