New Haven July 8, 1872.

Dear Sir
Yosemite Valley
Cal.

Dear Sir: I was very much interested by a letter of yours in the N.Y. Tribune last year upon the Yosemite. It expressed my views and convictions exactly regarding the wonderful part glaciers have played in that truly remarkable region. I had traced the glaciation, as you have, into the side valleys. A short article of mine presented to the French Academy in 1867 may interest you, and I inclose a copy.

Respectfully yours,

W. R. Blake.
